

GATWICK AIRPORT

JULY 2022

I attach a summary of the detailed movements based on official Eurocontrol sources for July 2022 as downloaded and recorded each day online on The Original Gatwick Spotters List.

Overall Summary.

The daily average number of movements during July was 761, an increase of 25 per day over June and representing a 3.4% increase in activity. In June, Gatwick announced that daily movements would be capped in July at 825 and in August at 850. As the daily movement figures below show, no day in July even broke the 800 barrier (although this was finally achieved on the 1st of August). The first week of August did see an average daily increase to 802 movements but it seems unlikely that the numbers will approach the 850 cap.

Generally, the pattern of movements and carriers is little changed from the previous month. EasyJet, the main airline out of Gatwick, increased their numbers of flights and notably brought in further wet-leased aircraft from Eastern Europe (commonly known as white tails). Tui, the holiday airline which unsurprisingly increased movements during July, also operated a similar policy, regularly using three other operators to handle their traffic.

Most other airlines maintained a level of activity similar to June and no new operators emerged. Emirates increased operations to three Airbus A380 flights a day in the final week as a result of the publicised issues they had with Heathrow. This increase may however be temporary.

GATWICK AIRPORT
NIGHT FLIGHT REPORT – JULY 2022
Departures & Arrivals 23.00-07.00

Note: Up to 0500, the date refers to the 'night of' - eg June 1 is the night of June 1/2. Movements after 0500 are recorded on the actual date (except some 'just prior 0500' arrivals).

COMMENTARY

The above summary shows all arrivals and departures between 11 pm and 7 am.

In the period from 2300 to 0700; the hourly figures (half-hourly wef 0500) were as follows (June 2022 in brackets):

	Landings	Take-offs
2300-2359	675 (600)	87 (123)
0000-0059	580 (459)	44 (55)
0100-0159	367 (302)	14 (36)
0200-0259	292 (256)	7 (6)
0300-0359	182 (166)	4 (1)
0400-0459	62 (55)	0 (2)
0500-0529	18 (27)	7 (8)
0530-0559	8 (15)	107 (104)
0600-0629	48 (45)	322 (311)
0630-0659	69 (61)	427 (377)

In total the number of night landings in July 2022 were 2,301 (June 2022 1,986) – an average of 74.2 per night as against 66.2 per night in June. This represents a further increase of 12% month on month (and follows a 10% increase in June). Particularly notable is the further increase in arrivals well into the small hours, which again follows the significant increase in June. The increase in night movements is well above the overall increase in traffic – which as the above report indicates was 3.4% month on month.

Night period take-offs in aggregate were still overwhelmingly focussed on early morning departures and indeed showed a perhaps unsurprising reduction during the early hours. It should be noted that main runway refurbishment and repairs during the night could have been an influence. Total night period departures for July were 1,019 (June – 1,023) giving a daily average of 32.8 as against 34.1 for June.
